

AED

ONE-STOP SHOP

CAPABILITIES STATEMENT

National AED Multi-Brand Product Supplier

AEDs (Automated External Defibrillators) save lives! Our goal at AED One-Stop Shop is to help organizations protect their employees, visitors, students, community and more. We consult with our customers to assess and determine the ideal AED type selecting between all 6 FDA-approved brands and numerous AED models to match specific needs. Established in 2013, AED One-Stop Shop isn't simply another AED vendor or supplier but rather the industry's most consultative partner in protecting lives. As an authorized national dealer for LIFEPAK, HeartSine, ZOLL, Powerheart, Philips HeartStart and Defibtech we offer the very latest 3rd Generation products and accompanying compliance offerings.

ECommerce Buying

Realizing that eCommerce buying is important to customers, AED One-Stop Shop is proud to present our sister brand or dba, <http://purchaseAEDs.com>. This eCommerce website features convenient Portable Bundles & Workplace Bundles for simplified ordering. This advanced but simple-to-navigate <http://purchaseAEDs.com> website can also support Retail or Wholesale accounts so procurement departments can leverage their quoted or contracted pricing and the convenience of eCommerce buying on <http://purchaseAEDs.com>.

AED Law Compliance

In order to be compliant with laws and to ultimately raise the likelihood of a cardiac arrest survival we advise that customers not only invest in the life-saving equipment but in AED Compliance, Readiness & Maintenance (CRM.)

AED One-Stop Shop offers a World-Class comprehensive solution to allow customers turn-key software, the protection of Medical Direction and Oversight, CPR Training and tools to help them remain compliant with the ever-changing medical industry standards.

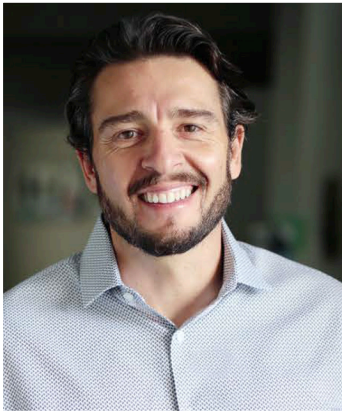

Remote Monitoring Readiness Technology

Enter the generation of WIFI and Cellular capable AEDs and standalone devices. This pairs AEDs with readiness software so organizations no longer need to rely upon humans to check and document if AEDs are ready to save a life. Gone are the days of spreadsheets and inspection tags. This new generation includes the LIFEPAK CR2, ZOLL AED 3, HeartSine Gateway and Powerheart Rescue Ready Monitor and each are offered by AED One-Stop Shop. This is the ultimate way to insure life-saving devices are never neglected from maintenance.

About Laurence Saban (Principal & Founder)

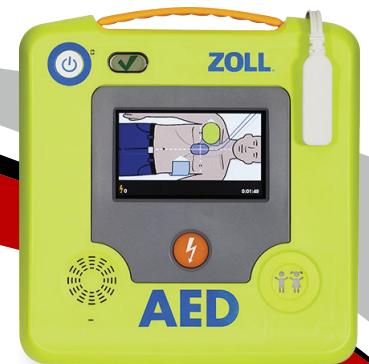

Compelled by a mission to help protect and save lives, it is Laurence's ambition to help make AEDs as prominent and available as fire extinguishers. Through the brands AED One-Stop Shop and purchasAEDs.com, it was his intent to make public defibrillators easier to select and more affordable to buy. As a former Regional Manager for one of the leading Manufacturers, Laurence has the perspectives of both AED device manufacturer and AED distributor.

This vast industry knowledge differentiates AED One-Stop Shop's leader, and it contributes to our being uniquely qualified to support your organizations needs now and in the future.
